CONTACT

First contact: Notification of your child's birth is sent to punkto directly from the hospital and the community you are registered at. Afterwards, we will contact you personally. Of course, you can get in touch with us beforehand.

Home visits: Home visits take place after you gave birth, by request. In familiar surroundings you can get to know each other and ask questions. If needed, additional appointments can be agreed on.

Consultations: Consultations take place on a regular basis in all communities of canton Zug. Pre-registration is required. You can call us or book your appointment online on our webpage. In exceptional cases you can set-up an individual appointment with your consultant outside of the regular consultation hours.
